Subject: Sequence Search

Apparently we need approval for submitting searches of more than 10 individual sequences.

Please search the following:

Application 09/832,648
SEQ ID NO: 1-13

All sequences are under 50 nucleotides in length. Please limit the query hits to 100 nucleotides or less.

Search all commercial and pending nucleic acid databases with the exception of the EST databases.

Thank you ☺

Janet Lee Epps
